

# First Beamer!

Kenna Rewcastle

1/30/2018

Add your markdown text, etc. etc. for display on the screen, but remember, these are **slides** so we don't want too much text!

## Second slide

- First incremental bullet point

## Second slide

- First incremental bullet point
- Second incremental bullet point

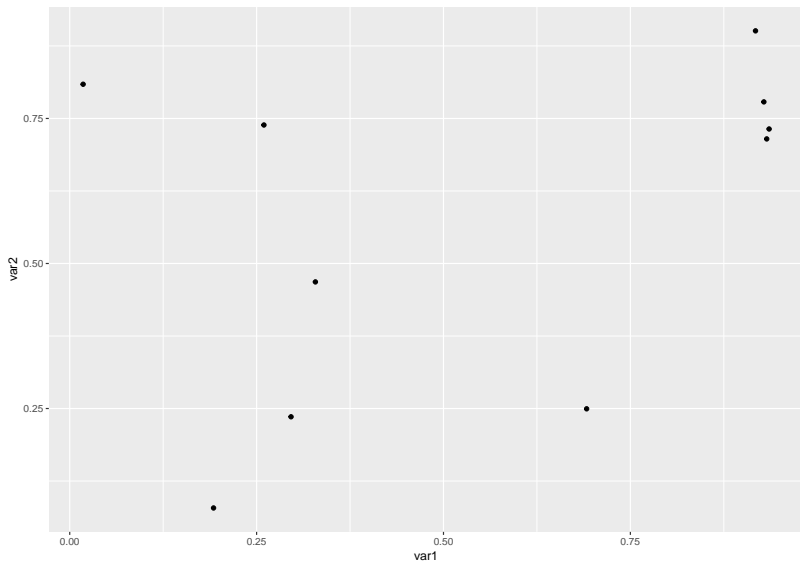

## Second slide

- First incremental bullet point
- Second incremental bullet point
- Third incremental bullet point

# Third slide

- first simultaneous bullet point
- second simultaneous bullet point
- third simultaneous bullet point

# Let's see some R

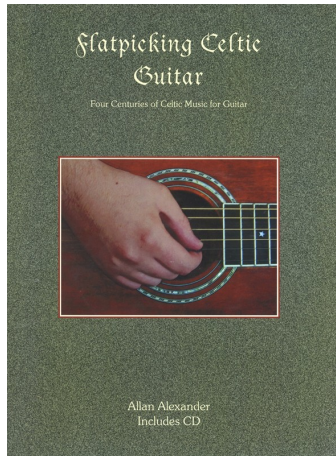

# Colored bullet points

- Collection Mode
- Spatial and Temporal
- Taxonomic Bias
- Sampling
- more stuff

# Pulling images

Choose a point on the unit circle. Connect it to the origin with a line of length one, and denote the angle between that line and the horizontal coordinate axis by  $\theta$ .
